

Swearing

- Swearing is when we say rude or unpleasant words.
- Swearing is not a nice thing to do. People sometimes swear when they are very angry or upset. Sometimes people swear to be really unkind to someone else. This is not OK.
- Most people do not like to hear swearing. If an adult hears us swear they may get cross with us. If we swear at someone then we need to say sorry to them afterwards. If we hear someone else swear we can try to ignore them or tell an adult.
- Swearing is saying horrible words that nobody wants to hear. Swearing can get us into trouble with adults and we should try our best not to do it. If we do swear we can say sorry.
